To magic lovers everywhere,

This is the second year that we've been lucky enough to have Magic by The Urban Legend featured at How-To Halloween, a family-friendly festival which occurs annually at the Lansing Center every October. Ty treated us to amazing stage shows, close-up illusions and a magic workshops during both days of the event, and he was a huge hit with all our attendees.

On a personal level, my 10-year-old son has been showing an interest in magic, and Ty has been kind enough to take him under his wing with some private tutoring along with suggestions on books for future study. We highly recommend his service and couldn't be more pleased with his professionalism and quality of entertainment. Thanks again for everything, and we truly hope you can join us again next year.

Sincerely,

Jerry Jodloski
Event Director
